Computer Science educator and researcher with a background in university teaching, research, and applied artificial intelligence. My work spans machine learning, cybersecurity, and data-driven modeling, with a particular interest in building reliable and interpretable AI systems. I have taught core Computer Science courses, contributed to research projects, and worked in collaborative university settings. I am committed to high-quality teaching, meaningful research, and continuous professional growth.

Experience

1. RESEARCH ASSOCIATE

ICESCO CHAIR FOR BIG DATA ANALYTICS & EDGE COMPUTING

QUAID-I-AZAM UNIVERSITY, ISLAMABAD

2025 – MARCH 2026

- Conduct research in artificial intelligence, machine learning, and data analytics with applications in cybersecurity and intelligent systems.
- Collaborated with senior faculty on research planning, experimentation, and academic outputs.
- Research activities related to AI, big data, and emerging computing paradigms.
- Contribute to the development of research proposals, documentation, and academic initiatives.

2. COMPUTER SCIENCE INSTRUCTOR

SUKKUR IBA UNIVERSITY

OCTOBER 2019 – JANUARY 2023

- Taught undergraduate-level computer science courses, delivering lectures, labs, and assessments.
- Developed course materials, assignments, and examinations aligned with academic learning outcomes.
- Guided students in programming, problem-solving, and foundational computing concepts.
- Maintained effective classroom management and student engagement.

3. NETWORK ADMINISTRATOR TRAINEE

HIST, Jamshoro

- Gained hands-on experience with network setup, troubleshooting, and system maintenance.

Education

4. MPHIL IN COMPUTER SCIENCE (CGPA: 3.3)
QUAID-I-AZAM UNIVERSITY, ISLAMABAD
FALL 2023 – 2025
 - Research focus on artificial intelligence, machine learning, natural language processing, and cybersecurity.
 - Applied Bayesian modeling techniques to improve reliability, interpretability, and robustness of phishing detection systems.
 5. BACHELOR OF ENGINEERING IN COMPUTER SYSTEMS (CGPA: 3.0)
MEHRAN UNIVERSITY OF ENGINEERING & TECHNOLOGY (MUET), JAMSHORO
 - Core studies in computer systems, programming, networking, and software development.
-

Academic & Research Involvement

- Research Associate under the **ICESCO Chair for Big Data Analytics & Edge Computing**.
- Active contributor to the Farabi Center for AI, Cybersecurity Research, and Cultural Exchange, Quaid-i-Azam University.
- Working closely with **Director and Founder of Farabi Center** and Rector Al-Farabi Kazakh National University, since the inception of the Farabi Center.
