EDUCATION

- **MS in Data Science** (*Dec 2025*)
Mehran University of Engineering & Technology, Jamshoro
CGPA: 3.94 / 4.0
- **B.E. in Telecommunication Engineering** (*Dec 2022*)
Mehran University of Engineering & Technology, Jamshoro
CGPA: 3.91 / 4.0

TEACHING EXPERIENCE

Content Creator & Instructor — YouTube Channel on AI Tools

July 2023 – Present

- Developed and delivered educational video content on artificial intelligence tools and applications.
- Built a community of 1,400+ subscribers with 25K monthly views.
- Focused on practical demonstrations, tutorials, and real-world use cases of AI for students and professionals.
- Enhanced audience engagement and digital learning through interactive explanations and project-based examples.

Teaching Assistant — Department of Computer Systems Engineering, MUET

July 2024 – Jan 2025

- Delivered tutorials and labs for Digital Logic Design and Computer Organization & Assembly Programming.
- Assisted in lectures, prepared teaching materials, and evaluated student work.
- Supported faculty in mentoring undergraduate students.

Instructor — Artificial Intelligence Course, D3 Organization

May 2024

- Designed and taught core modules on Artificial Intelligence.
- Supervised student projects, emphasizing applied AI solutions.
- Created an engaging, hands-on learning environment.

RESEARCH EXPERIENCE

Unveiling the Overlap: An XAI Approach for Distinguishing Depression and Bipolar Disorder from Reddit Posts

- Developed interpretable machine and deep learning models for mental health classification.
- Leveraged NLP and XAI frameworks (LIME, SHAP).
- Accepted at the 1st International Conference on Innovations in Information and Communication Technologies (IICT'26), held from January 15–17, 2026, at MUET, Jamshoro, Pakistan.

SKILLS AND TECHNICAL EXPERTISE

- **Programming Languages:** Python, C/C++, SQL, MATLAB
- **NLP Tools:** NLTK, SpaCy, Hugging Face Transformers
- **XAI Frameworks:** LIME, SHAP
- **Databases:** MySQL, PostgreSQL
- **Other Tools:** Jupyter Notebook, Google Colab, LaTeX

ADDITIONAL INFORMATION

Languages: English, Urdu (conversational), Pashto (native)

Certifications: Python for Everybody (University of Michigan, Coursera), What is Data Science? (IBM, Coursera), Technical Support Fundamentals (Google, Coursera), Project Management with Trello (Coursera)

Interests: Travel, Cricket (since 2016), Badminton (since 2014)

Extracurriculars: Vertically Integrated Projects (VIP) Program
