

AISHA MANZOOR

Memonaisha0987@gmail.com || 03093804565 || www.linkedin.com/in/aisha-manzoor-52664a25b

PROFESSIONAL SUMMARY

Computer Science graduate and Master's student in Data Science with practical work experience. Passionate about data analytics, data visualization, data management, and creative design. Currently exploring data analysis techniques, machine learning algorithms, and modern tools to transform complex data into meaningful insights. Responsible, organized, and motivated, with a strong commitment to continuous learning and professional growth.

WORK EXPERIENCE

Research Assistant

Jan 2025 – Present

- Working as a Research Assistant (2025 – Present, ~1.5 years) At Muet
- Assisted in teaching and mentoring students in Operating Systems concepts, including process management, CPU scheduling, memory management, and file systems.
- Supported instruction and practical learning in Data Warehousing, covering data warehouse architecture, ETL processes, OLAP, and data analytics concepts.
- Guided students in laboratory sessions, assignments, and project-related activities. & Assisted faculty members in academic and research tasks while contributing to curriculum delivery and student learning outcomes.

FYP Project

2024

Our innovative project, Mandi App, was awarded first prize at department for streamlining the traditional, manual mandi process. It replaces time-consuming, error-prone manual bookkeeping and billing with an efficient e-billing and ledger management system. This saves owners time and effort, eliminating the need for clerks and mashakhors (middlemen)

SSGC Internship

2024

Completed an internship in the Information Technology Department at SSGC (2024) for 1 month and 13 days, gaining hands-on experience in IT operations, system workflows, and technical support in a corporate environment.

EDUCATION

Masters in Data Science (ongoing) 2026

Bachelors of Computer Science | 2020–2024

Mehran University of Engineering & Technology

- Final CGPA: 3.28

Intermediate II 2019–20

Smart College

- Percentage % : 82.81

Matriculation II 2017–2018

Phoenix School Qasimabad

- Percentage % : 77.17

SKILLS

- UI/UX Design (Figma)
- Figma (Design & Prototyping Tool)
- Python (Basic Level)
- Canva (Graphic Design Tool)
- Problem Solving & Analytical Thinking
- Team Management & Collaboration
- Microsoft Office Suite (Word, Excel, PowerPoint)
- Time Management & Organizational Skills
